Special Call Meeting to vote on the recommendation to award the contract to SM Grading & Excavating for the Shannon St water line replacement, also known as the South Carolina Rural Infrastructure Authority Project # S-26-1453

The following information was provided by Adam Childers with Joel E. Wood & Associates, the project engineer:

On November 5th, 2026, the Town of Sharon received bids for the above referenced project. There were fourteen total bids received from contractors. A copy of the certified "Bid Tabulation" is available for your reference. In checking the bids, we found that there are no errors that would change the outcome of the bid. After completing our check of the bids, the low bid is found to be reasonable and responsible, and I would recommend that the Town award a contract to SM Grading & Excavating LLC for the above referenced project. The total bid amount is within the project budget at a cost of $147,910.00. We have a level of confidence that the apparent low bidder understood the scope of the project and has the ability to perform the work in accordance with intent of the Project Documents.

Once the Award is made, the funding agent, Rural Infrastructure Authority approves the bid documents, we will prepare the contract document and send them to SM Grading & Excavating for signatures and provision of the required bonds and Certificates of insurance. Once the required executed documents are received, reviewed, approved, and signed by the Town, we will issue a "Notice to Proceed."
